Kaitlin was my wedding coordinator for my wedding on August 7, 2020. She and her team did an absolutely amazing job! My wedding day went off without a hitch and if there were any hiccups I had no idea about them because Kaitlin and her team were in top of everything. She kept everything running smoothly, on time, and made sure I had what I needed and made sure the guests were all doing well too. Kaitlin and her team worked seamlessly together and just made my wedding day the most amazing day and I had no concerns on the wedding day because Kaitlin had it all covered. She was amazing and so supportive during the planning process and always took the time to talk when I needed to to try to figure everything out. I am a huge list maker and Kaitlin was so patient with me while I freaked out about everything during the planning stages. If you need a coordinator who is kind, compassionate, professional, and knows what they're doing hire Kaitlin! Her and her team are A+ and they'll do amazing work for her. I am beyond blessed to have been able to have Kaitlin help me for my wedding!!

There are no words to describe how amazing Kaitlin and her team is! I hired Kaitlin in 2019 after getting engaged and had our date set for this year 2020, and as you can imagine it became incredibly stressful! Before the pandemic, Kaitlin was with us 100% of the way, from going to every venue meetings (and we went to a lot!), to recommending and attending meetings for every vendor like bakers, DJs, etc. and made the experience so smooth, worryless, and overall a fun and easygoing experience! Once the pandemic started, my husband and I were asking all the questions: do we reschedule? do we decrease the guest count? How long do we wait to make any of the big decisions? Throughout it all, Kaitlin was there to answer any and all questions while also keeping us calm, even if that meant answering my emails at obscure hours! In the end we decided to postpone our big wedding to 2021, but continued on to do a small elopement style wedding with just our family, which Kaitlin helped to make beautiful and memorable! Her help to recontact ALL of our vendors/venue to help coordinate everything to smoothly move everything to our new date for next year is honestly invaluable! Working with us, our family, and vendors has helped to make a cliché stressful time, into what felt like an effortless and still exciting experience and can't wait to keep working with her for our big event next year! "Thank you" doesn't quite cover it, and having Kaitlin as our planner has been the best decision we've made in our wedding planning process! Her personality and work style made working together so fun and unforgettable, and if you're trying to decide whether or not to bring on a planner, you could honestly do no better than Kaitlin Shea Weddings!
