

The Wedding Experience with Remy Photos

WELCOME!

Remy loves working with couples who start as clients but ends up as dear friends. She adores a good love story and even after several years photographing weddings, she is still inspired by every couple that enters her life. Her warm, bubbly, spirited personality allows couples to feel natural in front of the camera. She captures their true relationship and emotions during engagement sessions and on their wedding day. After receiving her degree in Hospitality and Special Events in 2014 and working in the wedding industry as a coordinator, it gave her the opportunity to give her clients outstanding service. Remy provides a professional, yet memorable and fun experience that her clients have always appreciated throughout the wedding process.

Remy is so excited to be a part of this special season of your life and looks forward to chatting more about your wedding day. Let's get to know each other and start the celebration!!

Booking Process

After we have secured your wedding date and you're ready to become a Remy Photos couple, I will ask for your contact information and begin creating your wedding contract!

Here are my next steps:

1. Send contract for both parties to sign.
2. Send an invoice with payment plan. 50% of the total is due 30 days after signing the contract. The balance is due 60 days before the wedding day. If you need a more custom payment plan to work with your budget, let's chat!
3. Once I receive the first payment, the excitement really begins! I will:
 - Send a fun questionnaire so I can get to know the bride and groom better! (This will also allow me to learn more about your wedding day plans)
 - Send your detailed bridal guide! This includes all the information you'll need to prepare for your engagement session and your wedding day!
 - Find a date and location for your engagement session.

If you think we are the
perfect fit for
you and your partner,
please contact Remy
to begin the booking
process. I can't wait to
hear from you!

Now let's get this
party started!
