To get you excited for your feature film, just two weeks after your wedding day we edit a 2-3 minute cinematic wedding highlight. This is definitely one of the favorites from my couples.

Engagement Love Story - \$1,200

We get together and tell your story of how the two of you fell in love. This film will be made before your wedding day to show to friends and family online and/or at the rehearsal dinner. We include old photos/videos when you first started going out with our videos to create this beautifully crafted 3-4 minute film.
