Best wedding band EVER! I seriously cannot encapsulate how AWESOME this band is. We feel so lucky to have discovered The Afterparty! Tristin, Jeff & the band are just phenomenal. They're the whole package: lively, talented, amazing musicians with charisma, setlist flexibility, complete professionalism, & great mixes to keep the music flowing! We even had Tristin as our MC, & had her sing with our string trio during the ceremony. So many people told me she made them cry with her rendition of "At Last" & "Can't Help Falling in Love." Everyone at our wedding couldn't stop saying how we had the best wedding band ever. They had the dance floor going all night, one favorite rolling into the next! Finding a wedding band can be exhausting. Book them now & you'll be thanking yourself forever afterward like we are!
