

# What do you do?

I get this question a lot – usually by family surprised when they find out I have yet another side job.

As a wedding coordinator before the wedding I can help find vendors, answer any questions, contact vendors to make sure everyone knows when + where to arrive.

Day of wedding I help everyone stay on track by following the day of timeline I previously created, set up + take down decor, assist with grand march, speeches, + first dances, and any other odd things that pop up!

# What do you charge?

Each couple + wedding has their own unique wants + needs  
With that in mind I create custom packages for each couple!

I am happy to work with anyones budget and help make your  
special day stress free!

For day-of-coordinating my highest package is \$1,500 + Travel fees
