# ABOUT US

## PREMIER WEDDING PHOTOGRAPHY AND CINEMATOGRAPHY STUDIO

RED BANK STUDIO OFFERS WEDDING PHOTOGRAPHY , WEDDING CINEMATOGRAPHY AND PHOTOBOOTH SERVICES TO BRIDES AND GROOMS IN THE JERSEY SHORE, NORTH, SOUTH AND CENTRAL JERSEY.

We founded Red Bank Studio in 2017 with one goal: to create unique, elegant, and timeless memories for our couples.

We look in meeting couples that love to be goofy, laugh and be present on their fantastic day, which is their Wedding Day. Our style of photography is all about you. We want to ensure we capture all the giggles, all the laughs, all the tears, and even those goofy moments on the dance floor. We want to ensure you look back at your wedding day

pictures and videos and relive every moment like when it happened.

Is this something you are also hoping for from your wedding photographer and videographer?

### SEE WHAT OUR CLIENTS SAY

Visit our The Knot page and see why we are name the Best of weddings by their page. Read the reviews and see why you should contact us today

### SEE OUR WORK

# OUR TEAM

Your wedding experience is made real by our team of office managers, photographers, videographers, assistants and editors. Here are some of them

## **JENNIFER M. - OFFICE MANAGER**

From the first email until the last , you will likely hear from Jennifer. Jennifer is 27 years old and mother to JV. She loves art and music and she is passionate about each one of our clients.

## **COSMIN N. - VIDEO EDITOR**

From your speeches to your first kiss, Cosmin loves to make sure your video looks as a masterpiece. Cosmin has been a creative spirit since a young age and found his calling in creating memories.

## **SHAN K.**

Shan is one of our main photographers. He loves photographing weddings, street photography and landscapes. In his free time he enjoys traveling in the world

## **SERGIO Z.**

Sergio has been with us since 2016. His particular style is clear and crisp. With every wedding he brings years of experience and unique perspectives on the day itself.

## **NICK N. - PHOTO EDITOR**

When you receive your amazing images, Nick has been looking over each and every one of them. Nick is 32 and an avid fisherman. We love being around him.

## **FANUEL S.**

One of our main videographers, has shot more than 200 weddings for us and he is a big fan of candid captures. You'll definitely see him in the middle of the dance floor, celebrating with your guests.

## **MICHAEL G.**

Michael is one of our main shooters since 2019. He is great at creating unique images for our couples. He is a father as well and loves to spend time with his son.

## **JOSE Y.**

Proud father of a cute daughter , Jose is the Apple man. He also works there during the week and then loves to shoot weddings on the weekends. He is easy going and laid back and loves a fun day

**Wanna see more of our team ?**

# THE PROCESS FOR WEDDINGS

We always try to exceed your expectations and create an experience that is unparalleled.

## **PREWEDDING**

### Initial Consultation

The first meeting is a discovery meeting, and we do like to do this with all our couples. We get a chance to know you, your wedding day vision, and your expectations. During this meeting, we also recommend which package would work best for you based on your needs.

Our meetings are usually around 30-45 minutes, and at the end of the meeting, we look forward to sending you a proposal; if you decide to go with us, a signed wedding contract and deposit are required, which can be signed and paid online.

### Engagement Session

If your package comes with an engagement session, we usually like to schedule those about six months or more before the wedding day. The booking process is simple, just let us know which month works for you, and we will send you all the days available for the requested month. If there are no weddings on the day, we would love to capture you and your fiancée. We also have locations and ideas available for you!

### Pre Wedding Consultation

Two months before the wedding day is when we scheduled this meeting. The meeting will go over all the details of your wedding day, from a comprehensive timeline to photos you would like to make sure get captured, points for our videographers, and all the other small things you might have questions about. The goal of this meeting is to ensure that nothing is left to chance and you can enjoy your wedding day.

### Week of check in

On the week of the wedding, we like to send you a quick message, reconfirming all the details we discussed at the preceding consultation. Also, in the event of adverse weather, we want to come with a plan B and also provide you with our cell phones to make it easier to get in touch with us.

## **Wedding Day**

**TIME TO GET MARRIED!** On the wedding day, we usually arrive 15-20 minutes prior to the start time. In the event of any changes, you will have our cell phones to be able to get in touch with us directly.

## **AFTER THE WEDDING DAY**

On the first week after your wedding day, you will receive an email detailing all the steps that are to follow for the images and the videos. The timeline for delivery is usually up to 60 days for the images and then 90-120 for the video from the time we receive your songs.

## AFTER THE WEDDING DAY (continued)

### PHOTOS

#### Online Gallery

The process of editing your photos takes about **two months** from your wedding date to complete. When the images are ready, we upload all of them to an online gallery for you to access and share with your loved ones.

The galleries are available for you for a year.

#### USB Drive/Direct Link

Once you receive the online gallery, fill out our order form (<http://www.redbankstudio.com/order-form>) to order your images. You can expect to receive your package within **one week**. There is a shipping fee to mail out the USB. For all our galleries, we offer free direct download links directly after the wedding editing process.

#### Album Design

Now that you have your images and have finished going through the wedding album instructions, when you are ready, you can select up to 100 photos (or the number of photos stipulated in your contract). You can then upload them accordingly to <http://www.redbankstudio.com/submit-your-album-images>, which would still be subject to the team's approval. *(If you want more photos and pages than stipulated on your contract, this would be subject to additional costs - every other page is worth \$20/page).* This is so we can review the photos together during the consult. After uploading the images, you can schedule an Album Design Consult with us. The consult usually lasts about an hour and will be done online. After the album design consult, you should be able to receive your completed wedding album in **3 weeks**.

### VIDEOS

#### Final Video Edit

**\*\*Please make sure you have the songs selected and submitted via the questionnaire before the wedding date. If you have not submitted the songs yet, please fill out our online video questionnaire <http://www.redbankstudio.com/video-questionnaire>\*\***

The video edits for both the highlight reel and the full length film of your wedding date will be completed within **3-4 months**. When the final cut of your wedding's video edits are done, you will receive Dropbox links containing your files available for download.

#### RAW Footage

The link for the raw footage is offered on a *per-request basis*. After sending in a request, we will email you a link to your raw footage within **1-2 business days**. Should you wish to have your RAW footage on a storage device, kindly send us the hard drive on which you want us to copy your video first. And then, fill out our online order form (<http://www.redbankstudio.com/order-form>). The hard drive will be sent back to you in about **one week**.

# WEDDING PLANNING

With the diversity of the cultural aspects of our weddings, it's difficult to pin point an exact wedding photography timeline template. However, there are ideal time frames you should consider when planning your day. Some of these times may seem long on paper but keep in mind that: the day will fly by, most weddings run slightly behind schedule, and 3) we'll make these photo sessions fun, so it won't seem like a long time.

## **PREPARATION AND PORTRAITS**

### **RINGS, DRESS, SHOES, AND OTHER DETAILS**

- \* Ideal Time Allotment - 30 minutes

- \* Ideal Time of the Day - Morning

- \* Ideal Location - Bridal Suite or Hotel Suite

- \* Advice - Having at least 30 minutes for details ensures that we have plenty of time to get that perfect photo of the dress, rings, shoes, bouquets, and the other details of the day.

There are times when a hotel room is too crowded or simply unappealing and we have to take the dress all the way down to the lobby or even outside. This can take some time, but as you can see from the results, it's well worth the additional work.

### **PREPARATION**

- \* Ideal Time Allotment - 45 minutes

- \* Ideal Time of the Day - Morning or Early Afternoon

- \* Ideal Location - Bridal Suite or Hotel Suite

- \* Advice - Having 45 minutes to an hour of preparation is ideal for our style. During this time, we are getting close ups of the make up and hair being applied as well as the candid moments and the bridesmaids and groomsmen get ready for the day. Keep in mind that these are some of the most emotional and fun times of the day so you definitely don't want to cut it short.

The lead shooter will be with the bride, while the second shooter will be with the groom. While it doesn't take guys an hour to get dressed, there are still tons of great moments during this time between the groom and his family and friends.

### **INDIVIDUAL PORTRAITS**

- \* Ideal Time Allotment - 20-30 minutes

- \* Ideal Time of the Day - Morning or Early Afternoon

- \* Ideal Location - Bridal Suite, Hotel Suite, Venue Lobby, or Venue Garden

- \* Advice - Right after prep is the best time for individual portraits of the bride and groom (separately). Besides make up and hair being completely fresh, the day hasn't gotten hectic yet so we can take our time and really get those perfect portraits.

Also keep in mind that the window lighting in most hotel rooms create a unique look that can't be duplicated in any environment throughout the rest of the day.

## **FIRST LOOK, WEDDING PARTY AND FAMILY**

### **FIRST LOOK/ROMANTIC SESSION**

\* Ideal Time Allotment - 20-30 minutes

\* Ideal Time of the Day - Morning or Early Afternoon

\* Ideal Location - Venue Garden, Empty Venue Hallway (shaded areas with natural light)

\* Advice - A first look should be around 20 to 30 minutes. During this time, the bride and groom enjoy seeing each other for the first time on the wedding day. While the actual first look might only be 5-10 minutes, the rest of the time is spent on a few basic portraits of the bride and groom.

Ideally we are saving the bulk of the couples session for later (see the "couples session" section below). However, if there is no other time in the day, it is best to allocate another 45 minutes to an hour here so that we make sure we have enough photos of just you two.

### **WEDDING PARTY PHOTOS**

\* Ideal Time Allotment - 45 minutes

\* Ideal Time of the Day - Morning or Afternoon

\* Ideal Location - Venue Lobby, Venue Garden, Beach, Park, Off-site Location

\* Advice - Wedding Party Photos should be around 45 minutes to 1 hour. During this time, we get a variety of shots in a variety of poses. We start off with the basic, classic photos focused on great expressions and lighting. Then we move into a set of fun and creative shots. Finally, we know how much your wedding party means to you so we are sure to get pictures with you and each one of your bridesmaids or groomsmen individually.

### **IMMEDIATE FAMILY**

\* Ideal Time Allotment - 45 minutes

\* Ideal Time of the Day - Morning or Afternoon

\* Ideal Location - Venue Lobby, Venue Garden, Beach, Park, Off-site Location

\* Advice - Immediate Family Photos should take another 45 minutes to 1 hour. It's important to have additional images with your parents, grandparents, and siblings beyond the basic formals (mentioned in the section below). We all know how much weddings mean to the immediate family and we want to make sure we're capturing enough pictures with them.

### **CEREMONY DETAIL AND VENUE**

\* Ideal Time Allotment - 20-30 minutes

\* Ideal Location - Ceremony Site

\* Ideal Time of the Day - Morning or Afternoon

Advice - Please allow 20 minutes for the second shooter to take pictures of the ceremony site, completely set up with no guests or vendors in the area. You'll never get to see the complete set up of your ceremony site before any guests are seated so it's important that we're there to capture these images.

### **FORMALS (EXTENDED FAMILY, IMMEDIATE FAMILY, AND FRIENDS)**

\* Ideal Time Allotment - 20-30 minutes

\* Ideal Time of the Day - Morning or Afternoon (Post Ceremony)

\* Ideal Location - Ceremony Site

Advice - Formals should take around 45 minutes to 1 hour depending on the size of your family and depending on who you want formal pictures with.

Some couples have decided that they want a picture with all guests, while others have decided that they only want

## **COUPLES SESSION**

\* Ideal Time Allotment - 30 minutes

\* Ideal Time of the Day - Late Afternoon (Sunset)

\* Ideal Location - Venue Garden, Beach, Hotel Lobby, Park

\* Advice - Couple session should be around 1 hour and should take place ideally 30 to 45 minutes before sunset. The is the best time in terms of lighting.

It also allows us to capture the awesome scenic shots with colorful skies. If your wedding is in downtown or in an area with tall buildings, it's not as important for us to have this specific time frame (although it still helps). However, if you booked your venue because of the spectacular view of the ocean or the gorgeous vines in the winery, it's essential to follow this advice in your timeline.

## **WEDDING RECEPTION TIMELINE**

### **RECEPTION DETAIL AND VENUE**

\* Ideal Time Allotment - 20-30 minutes

\* Ideal Time of the Day - Early Evening

\* Ideal Location - Ceremony Site

\* Advice - Please allow 30 minutes for the second shooter to take pictures of the reception room, completely set up with no guests or vendors in the area.

Similar to the ceremony details, this is the only opportunity we have to capture the beauty of the reception room prior to guest arrival.

### **COUPLES SESSION - RECEPTION SNEAK OUT**

\* Ideal Time Allotment - 10-20 minutes

\* Ideal Time of the Day - Dusk to Night Time

\* Ideal Location - Areas with interesting lights, fountains, city scapes and mirrors

\* Advice - During the reception, please plan on sneaking out for a couple of night shots. We only need 10 minutes, as we understand the importance of being a good host. However, this time is important if you appreciate the night photography that we deliver. The ideal time for this is right after you grab a bite to eat or maybe right when the dance floor opens up.

## **OTHER THINGS TO KEEP IN MIND**

For the morning part of the day we recommend our team starting close to the end time for hair and makeup. We also recommend your flowers to be delivered by the time we arrive onsite.

Table Shots - Table shots are when you go around visiting tables. There are two options for photography during this time. 1) You can take formal pictures with each of these tables or 2) we can simply focus on photojournalism, capturing the smiles and hugs as you mingle with each table. If you're planning on doing formal table shots, please keep in mind that these will take a significant time (up to 1 hour or more depending on the size of your wedding). We highly recommend option 2, the photojournalism route with exceptions for the VIP tables.

# TIMELINES EXAMPLES

---

## **Example 1 : First Look Option / Ceremony at 6 pm**

1:00 PM - Getting ready Pictures  
3:00 PM - First look and Romantic Session  
4:00 PM - Bridal Party Pictures
