why me?

I have been preserving love stories for over 15 years. I believe that my prolific travel + my flair for fashion allow me to story tell with a unique perspective + effortless direction. I weave a magical tale of images, from the quiet + intimate, to the emotive + movement filled, all with an acclaimed editorial sensibility. My bold use of color + whimsical vibe attracts those with a penchant for adventure + the non-traditional.

My background in fashion photography has made me master director + stylist. Not only do I make you feel incredibly comfortable + at ease in front of the camera, but I am also continuously giving you guidance so that your images feel easy + natural. Your details are perfectly styled, and your story is perfectly curated so that you can focus on the ones you love.

On top of providing an effortless experience, I ensure your photos live as everlasting heirlooms. Helping you showcase your story with gorgeous albums + wall art is an integral part of the Izzy + Co experience.

At Izzy + Co, we believe in magic and adventure. We insist on inclusivity and radical acceptance. And we inspire by living a bold & unique life. We can't wait to work with you!

xoxo.

What clients are saying:

Izzy was the best money spent throughout our wedding process. From start to finish, she is detailed, professional, and organized. Her website, systems, and emails make everything simple and efficient. All aspects of her work are incredibly personalized and true to her cute, fun style. She builds real connections with her clients, and it makes the photography process so comfortable. Throughout the process, she sent us surprise packages of little gifts to help us get ready for wedding day. We found it to be rare that a photographer wanted to make such genuine connections with her clients.

Her talent is just outstanding. She is so creative, and she produces absolutely beautiful, unique images.

We will never have better photographs taken of ourselves that are so representative of us as a couple, and we are thankful that we found Izzy to capture these important moments in our lives.

Izzy was also insanely organized and skilled in planning out my wedding day timeline which led to a photography timeline of immaculate detail. She was the first vendor I booked, and she helped me lay out our wedding day as if she was a planner. She is so experienced with the wedding process and so skilled in wedding photography that it just makes the perfect combination for a successful business. I felt confident that we would not miss any key photos because of her detailed planning. I also used all of her recommendations for other vendors, so she helped me set up the best wedding team in Savannah.

Besides photography, Izzy offers beautiful, professional wedding albums, guest books filled of engagement photos, canvases, and prints. This is really convenient, and she is helping us bring our photos to life by getting them printed and making them a part of our home.

We will forever be grateful for Izzy's kind heart, beautiful photography, and incredible business. We will be her lifetime clients and friends.

meet hannah!

Hannah is my amazing Associate Photographer and I am so lucky to have her on my team for 5 years and counting!

She comes to you with a degree in photojournalism and a background in studying law. This means she has a creative storytelling eye PLUS critical attention to detail, the perfect combination for your wedding day!

Hannah shoots with a similar editorial approach and loves making you laugh, creating a calm, easy and fun experience throughout the wedding day. She can't wait to connect with you!

What clients are saying:

Hannah is easily the best photographer I've ever encountered.

Her personality is so light and easy going and she truly wanted me to look and feel my best in every photo.

She made my husband and I feel so comfortable in front of the camera.

On top of being extremely professional she's wildly creative and made the whole experience so memorable and fun.

Hannah has a true skill of capturing the moments in between the poses. The candid photos she captured are just as sweet and beautiful as the posed photos and we couldn't be more grateful.

I asked for unique portraits and she was able to bring the vision I had to life and exceeded all of my expectations.

Hannah made me feel confident and beautiful and helped us create memories that we will treasure for the rest of our lives.
