Luxury + Culture

Opening January 2022, Thompson Denver's 216 room luxury boutique hotel brings a refreshing, modern sophistication to Downtown Denver.

Thompson Denver boasts some of the most unique event spaces for Denver weddings and social events, offering bold interior design, rich décor accents, and floor-to-ceiling windows that overlook downtown and the rocky mountains.

Our food and beverage team creates tailored menus that highlight the bounty of Denver's local farmers for unmatched culinary excellence.

Couples have the opportunity to capture their special day with photography around our property. We will arrange details prior to the wedding day.

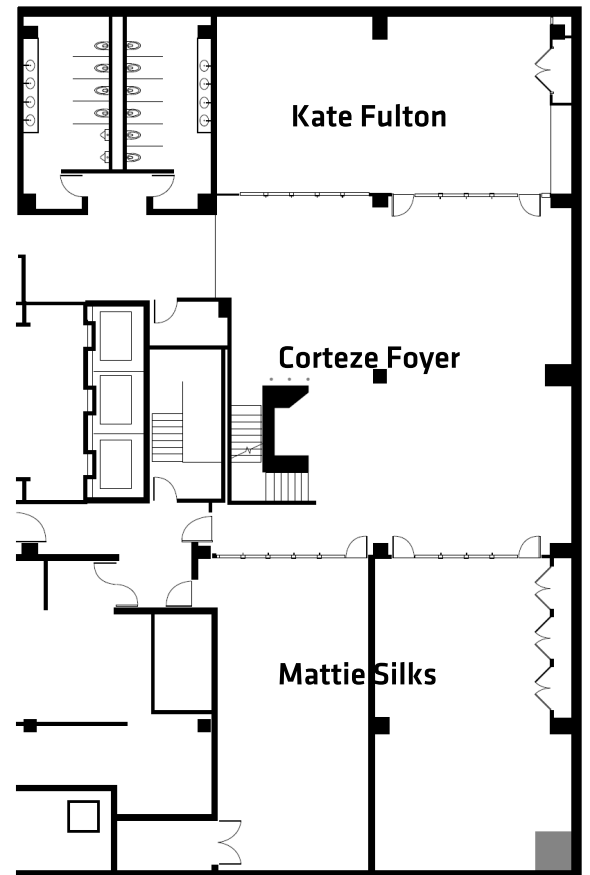

Residential-Style Foyer with 2-Story Fireplace

Your guests will not forget your picturesque wedding in our edgy and mysterious Kate Fulton and Mattie Silks Rooms, which are named after notorious early citizens of Denver.

After saying "I Do!", enjoy your cocktail hour in Corteze Foyer, an adjacent richly-appointed, residential-style entertainment space that features an architecturally striking two-story hearth fireplace.

Then finish your big day by making lasting memories with your closest friends and family members while enjoying exquisite Colorado inspired food and drink.

Now, take the next stress-free step of selecting one of our all inclusive wedding packages and securing your preferred date today!
