Filmmakers capturing the feeling of the moment!

# MEET THE OWNER!

*My name is Steven Nguyen, a Film and Media Studies Major at Oglethorpe University, and I started filming weddings at the age of 17. Let's just say that my love for the TV show "How I Met Your Mother" truly inspired me to hop behind-the-camera in order to craft romantic narratives.*

*Weddings are something that bring me a joy that is entirely indescribable. Seriously. There is absolutely NOTHING more rewarding than creating timeless videos that showcase our clients' stories. We want couples to be able to watch the films and reminisce about the cherished moments they shared. We love to get to know our couples and infuse their personalities into the film, crafting something truly unique to them. Every special moment, from tears to laughter, will be preserved in a treasured keepsake with our film crew on the job.*

*From weddings to elopements to couples' date nights, we look forward to meeting you, hearing about your special occasion, and how we can help you capture your amazing story!*

*Cheers, Jittery Feeling Team*
