

ThunderKiss ENTERTAINMENT, LLC

Our Services

DJ Services

ThunderKiss Entertainment has been providing DJ Services for over 16 years.

We specialize in providing entertainment for Weddings and we love working with our couples to help create the wedding of their dreams.

We include a phenomenal Light Show, Wireless Microphones for toasts/speeches, MC Services throughout the entire event, and we work with our couples to Customize the playlist to their needs.

Photo Booth

A Photo Booth is the perfect addition to any Wedding! We offer a wide variety of Props that are fun for all ages. Our Photo Booth produces digital 4x6 Photos as well as Boomerangs and GIFs that can be sent to your guests instantly via Text, E-mail, or QR Code.

Our couples receive digital copies of all media captured in our Photo Booth throughout their wedding day.

Grab a Prop and Strike a Pose!

Up-Lighting

Up-lighting is the art of strategically placing special light fixtures on the ground that project upward, creating a desirable affect. It is a simple way to transform your venue space, add ambiance, and produce that "WOW Factor!"

This package consists of 12 wireless Up-Lights.

Additional Up-Lights can be rented for extra large venue spaces.

Monogram Lighting

Project a custom Monogram onto a wall or dance floor for a very special personalized lighting effect.

Dancing on the Clouds

Dancing on the Clouds is a special effect created by using a professional low lying fog machine which produces thick, white fog that hugs the floor and dissipates without rising. This effect is most popular during the First Dance of your wedding.
