Kind words.

"Our biggest relief (aside from the AMAZING PHOTOS, was all the support we got from Nicole and Carmen on our wedding day. They were SO incredibly helpful, from carrying my train to my purse, to moving leaves out of scene, whatever it was that we needed to have a care-free day and perfect-picture photo-op."

-Abbey and Jared- 2022 Couple

"We are far from being models but Nicole e made us feel and look like we are! She gives directions on poses and made us genuinely smile. She made us feel very comfortable in front of the camera and it was a pleasure to have her on our wedding day."
