

The White Barn Venue

Wedding Rental and Pricing Information 2023

Our Story

Bryan and Shelly Dews had the passion for preserving the Dews Family Farm and the old barn and grounds that has taken residence over the last 100 years. With a vision and dream to see this property come alive again while touching the lives of others, the restoration began in 2016. We have strived hard to keep the authenticity of our early 1900's barn.

The barn provides hand hewn beams that date back to the early 1800's, an original loft that overlooks the lower level, along with beautiful chandelier lighting and draping that makes this a warm ambiance of romantic country charm for your special day. Nestled along the Ohio River and minutes to historic beautiful Madison Indiana, this makes the perfect place for your family and guest to stay with multiple lodging.

The White Barn Venue is rustic with elegance and chubby chic combined, giving the feel of the vintage as well as the elegant! We are a family owned and operated business and take pride in all we do to ensure our guests have the best experience ever! Bryan and Shelly reside on the farm and enjoy being present on your day from beginning to end.

On their time away from the farm they enjoy family time whether its movie night at home or vacationing together with their 2 daughters and spouses and 5 grandchildren. It is our pleasure and honor to be a part of your incredibly special day! We are so blessed!!
