

Wedding Guide

PRICING & INFORMATION

Hello!

I'm a mom of two crazy, wonderful kiddos and I love our sweet life here in Eastern Idaho. We are a family of artists and enjoy traveling in our free time. I believe that family is everything... and that is why I enjoy my job so much! I want every couple and family to have beautiful images of their memories together. I have been a professional photographer for over eleven years now, specializing in weddings and portraits. I hope to capture you as you are... my number one goal is that you feel comfortable in front of my lens.

- Samantha Numbers

CONGRATULATIONS!

You have great reason to celebrate. I hope you are enjoying the beautiful feelings and emotions that accompany love! Soon you will be making plans for that amazing day when you and your fiancé begin your married life.

Your wedding day requires a lot of planning and preparation. One of the best investments you can make for your wedding is to book a photographer to preserve memories of the most important day of your life.

Once you have set the date, please contact Samantha Marie Photography! I would love to schedule a wedding consultation with you and discuss all of the wonderful details of your long awaited wedding day.

“Samantha has been amazing to work with throughout our wedding process. She is attentive, organized, talented and beyond sweet and helpful! I would highly recommend her to anyone.”
-Caitlin

I'D LOVE TO KNOW!

In order to help you design the perfect photography package for your wedding, I need to know several things; including your date, time of day, venue, size of your wedding party, and the number of expected guests. Whenever possible, I like to visit with you for a wedding consultation, virtual or in person! Getting to know you and your fiance' is important to me, because it's helpful in determining what I can do to best suit your needs for your wedding day.'

I hope to meet you soon!

She is flexible,
patient and so quick with
her camera, catching moments
that naturally flutter by in halves
of seconds focusing on the details
of a moment that would be lost in
the blur of the periphery
by others.

What Happens Next

First we will discuss your wedding date and see if I have it available. If I do, then we will move forward and schedule a wedding consultation. Expect to spend about an hour at your wedding consultation. We will discuss your timeline, venue, vision, and style for your wedding. We will also discuss bridals, engagements and go over a wedding contract. Don't worry if you don't have all the details planned yet! We will talk again about a week before your wedding to finalize everything. But be sure to have your ideas, questions, and concerns written down for us to go over. I will also give you a timeline form to fill out to have ready for our next meeting.

WHAT TO EXPECT

During Your Session & Wedding

The only job I give you is to relax and enjoy it. I will do all the hard work! I love it when couples enjoy their day and forget that I'm even there.

This tends to produce natural, glowing images. The information packet I will give to you during your wedding consultation will help you to prepare for your upcoming sessions and wedding day.

After Your Wedding

About 2-4 weeks after your wedding and 1-2 weeks after your engagements or bridals, you will be able to view your images in an online, password protected gallery. You will then have the opportunity to choose the images you would like edited by favoriting them and sending them to me!

After I have completed the editing process, about two to four weeks later, I will send you your finished images. Then you will be able to choose any products that you would like to order and decide if you would like me to come to your home for an ordering session. At this session I will show you samples of prints, albums, and paper options. You will be able to see all of the products I offer through my lab's ordering program. If you choose to order a wedding album, we will choose together which images will go into the album and which album template you would prefer. To reorder prints, simply log on to your online proofing gallery and checkout with your favorite images and products. The print release is available for purchase separately with all of the wedding packages and hourly wedding coverage.

your ENGAGEMENTS

For most couples, the engagement session is their first professional photography shoot together. It provides an opportunity to work with Samantha Marie Photography prior to the big day. Your engagement session is usually taken at a place that has some special significance to you.

- The place where you first met
- Where you got engaged
- Your favorite restaurant
- A romantic spot you enjoy together

Engagement photographs are traditionally published in the local newspapers of the couple's hometown. The use of the engagement photograph as part of the wedding invitation is a beautiful tradition and is now used in the wedding invitation as well. Ordering invitations and save the dates are easy within your proofing gallery following your session.

ENGAGEMENT SESSION

When you make the decision to get married, your engagement photos will announce your love to the world!

- Urban, country or indoor setting
- Scheduled one hour before sunset
- Two outfits (time permitting)
- 25 edited images (for digital use) are included in a private, online hosting gallery available for immediate download.

TIPS & WHAT TO WEAR

- Bring some props for a few fun or sentimental shots
 - Get a professional manicure.
- I will be photographing you wearing your ring!
- Consider getting your make up and hair done professionally
 - Arrive early please. If you're late, we lose light and therefore time to photograph you and your fiancé!

Wear fashionable, dressy outfits that you feel comfortable in. Check Pinterest for ideas. It can be difficult to coordinate colors and not look too matchy. I recommend picking a few colors, but try not to wear the same exact thing. The more layers, textures and colors, the better. Try to pick colors that compliment each other. I do recommend investing in your clothing for the session since it does make a huge difference in the final product. I love lighter colors, khaki, white, pastels, and neutrals as well as textured dresses, laced sandals, dressy men's shoes and heels.
