Gretchen Hope Photography Pricing

Disclaimer:

As a growing creative I reserve the right to change my pricing structures at anytime. This list is simply a snap-shot of some of my current price lists. However, once contracted in your pricing structure is fixed unless unknown fees and/or your personal additions are added to the package.

Al La Carte

Because your wedding is as unique as you are I have included the Al La Carte option for those of you who want to add a little extra flare to your package!

- Additional coverage \$200/per hour
 - Albums
 - The Vanilla Latte and The Double Espresso both come with the professionally printed legacy albums, however, if you would like to add on additional albums (for the in-laws for example) or increase the size we can definitely make that a possibility.
 - The 8" option will be starting at \$345.00
 - The 10" option will be starting at \$395.00
 - The 12" option will be starting at \$445.00

The Reason I say, "starting at" is because this includes 10 spreads-you may choose to add spreads or engraving or upgrade your material as well but we can discuss that in detail later!
