

Event Pricing

Pricing for private events is variable, and will depend upon the date and the time frame of your event, and are based on what our usual sales would be on the date you're interested in.

Weekends are typically more expensive than weekdays.

The pricing is based on a Food & Beverage minimum, meaning we require that your group spends a minimum amount on a combination of food & beverages. In addition to the F&B minimum, you will also pay CA state tax, a 20% service gratuity (tip) and a 2% administration fee. We do not charge "Venue" or "Rental" fees.

Typical F&B minimums would be

\$1,500 - \$4,000 for a lunch buy out

\$2,500 - \$10,000 for a dinner buy out

Please request a pricing proposal for your desired date and we will reach out to you with a quote!
