Reviews

"Jessica is truly an amazing instructor! We have enjoyed working with her for our first dance. She is very patient, fun, talented, knowledgeable and punctual. I definitely recommend her!!"

- Yasamin S.

"We had a trial session with Jessica and really loved working with her. Although her main portfolio focuses on hip hop, she's an experienced enough dancer that she was able to give us the basics of waltz and other dances and is able to work with all kinds of experience levels. We enjoyed working with her and hired her for 5 more sessions after! :)"

- Minnie F.

"We really enjoyed our first session with Jessica, more sessions to come! Jessica made us feel very comfortable and playful rather than stiff and stuffy. She assessed our style first to get an idea of how we move which we really appreciated, you can tell she listens to each couple/dancer to put together a routine that suits them. We're looking forward to putting our first dance together over the coming weeks :)"
