Flower Farm

PRICING GUIDE

**Hello** and Welcome to East Texas Flower Farm.

We are a mother daughter team passionate about sustainable flower farming and bespoke garden style wedding florals. Our blooms are grown, harvested & designed on our flower farm for your big day. We pride ourselves on getting to know each client and understanding your vision while utilizing our knowledge of floral design to deliver your wedding flower dreams.

We offer a free consultation, to talk through your ideas and flower choices for your big day. Before meeting for your free consultation, we offer a detailed questionnaire on our website that was developed to help you think beyond flowers and consider other elements to include in your wedding florals. From there we will work with you and your wedding coordinator to curate a detailed floral blueprint that incorporates your individual style as a couple. We'll turn your flower dreams into a stunning reality.

We offer complete wedding packages, or you can choose from our A la Carte offerings. These include bouquets, buttonholes, table arrangements and venue flowers.

We are so excited to work with you, feel free to ask us any questions you may have, our contact details are below.

The Flower Farm was wonderful to work with... They emailed me and took my individual needs into consideration, along with being extremely professional. The quality and beauty of the arrangements were top-notch and everyone at the wedding commented on them. Their service was impeccable. I highly recommend The Flower Farm!

Went to a build your own bouquet workshop here and loved it! The place was very welcoming, the flowers were beautiful, and we left with gorgeous bouquets. Will definitely be looking for future opportunities to visit!
