Florist will customize a floral design plan and remain available for changes, questions and further discussion continually from the beginning of your planning process until the final product is realized on your wedding day. Every floral element and detail of the design will be thoughtfully planned. Blooms will be carefully sourced and processed the week of your event, and then artfully designed and implemented on your wedding day. Once the festivities have concluded, Aroma Flowers, will return to collect all hard goods and remaining floral from the venue.
