---

## Contact for Quote

## Custom

12+ hr coverage

Everything above and-

- Film days aside from the actual wedding day  
Ex: Filming the rehearsal dinner or a "How we met" addition
- Please set up time to call for other specifics

---

## Music Requests

Clients can request song(s) from the platforms I use to make videos with at no extra charge\*. I use two platforms for music:

- **Musiced** is my primary use for wedding cinematics, they provide a large library of high quality music included in my subscription
- They also have an added catalog including some mainstream artists that require payment for licensing to use the track in a project
- **Epidemic Sound** is my alternate use for music in projects

*\*No extra charge IF the song is included in my subscription roster; additional fee charged if I must pay for license to obtain the song from the originating platform*

---

## Travel

I charge \$25 per hour of driving. I also require enough to cover costs of staying in a hotel one night before and after the wedding day.
