2022 PRICING GUIDE

"EASY TO

WORK WITH"

Ashley is so easy to work with, she is just so laid back and goes with the flow- it really feeds into the feel of the images. They come out STUNNING every time I've worked with her. I can't say enough good things about her work and the experience!

- Nicole M.

| WHY PHOTOS ARE IMPORTANT

BEFORE WE DIVE INTO ANYTHING ELSE... THIS IS A DAY YOU WANT TO REMEMBER. YOU HAVE WORKED HARD TO GET TO THIS DAY NOT JUST IN THE PLANNING BUT IN YOUR RELATIONSHIP AS WELL. THE DAY GOES BY FASTER THAN YOU CAN IMAGINE. THESE PEOPLE WILL ONLY BE TOGETHER IN THE SAME PLACE THIS ONE TIME. YOU WILL BE ABLE TO RELIVE THIS DAY AGAIN AND AGAIN THROUGH YOUR PHOTOS.

There are so many aspects to planning a wedding. Your wedding can be as elaborate or as simple as you want, but no matter how many details you add to your day, be sure to make it special and memorable. The planning process can be overwhelming, but just remember that I am here to make sure it goes as smoothly as possible.

I have seen weddings of all styles, shapes, and sizes. I have seen what works and what doesn't. Everything that I share with you in this guide is from first-hand experience. Some of these tips and reminders might not apply to your vision for the day, but many clients have found this guide helpful while planning their dream wedding. Your wedding is going to be everything you've ever wanted and so much more!

| THE EXPERIENCE

HERE'S THE DEAL:
H'OKAY, HERE'S THE DEAL. I'M
YOUR GIRL. I AM HERE FOR
YOU TWO THROUGHOUT YOUR
JOURNEY TO MARRIAGE. EVERY
WEDDING IS UNIQUE BECAUSE
EVERY RELATIONSHIP HAS ITS
OWN STORY, AND I WANT TO
TELL YOURS.

I suggest to all of my couples to unburden themselves with expectations and obligations of traditions that don't resonate with you. Let's talk about what's the most important for the two of you on your special day. My goal is to take the best pictures that allow your individual personalities to shine through and capture the magic of this important event. Throw out the old book of structure and live in the now. I can help you understand the format of many time-honored conventions and want to empower you to take what you will to help tell your story, make it your own and what you want to tell, and we can leave the rest in the dust!

| THE EXPERIENCE

WORKING WITH ME

Throughout this journey, you can expect chats with me over coffee or via Zoom, questionnaires that will help guide you through the planning process, and an engagement session so we can create some magical memories together. When you book with me, you are hiring me. I am the only photographer. I am the one who will be emailing with you, helping you prepare, shooting your wedding day, editing your gallery (which means picking the best of the best images, color balancing, removing blemishes, cropping and adding my own stylized twist to each image), storing your images, building your wedding album, and guiding you through the printing process. I am a one-woman show, and I am all in it for you. It is a lot of hard work to run my own business, but I love it. I am fully involved in my clients' weddings and that is why I only take on a limited number of weddings every year.

Consider me as a kind and outgoing friend who's hanging out with you to capture some of your great moments on one of the biggest days of your life. I want you to feel completely supported from start to finish and rest easy at night knowing I am on your team.

| THE BABE BEHIND THE CAMERA

It's me! I'm Ashley! I love to help others. That's why it's no surprise my enneagram is The Helper. I have planned, photographed, bartended, and even catered more weddings than I can count. Now with more than 10 years of photographing weddings under my belt, I have learned so much and grown into my own. I am obsessed with learning more about photography and how to better serve my clients. I love a good challenge.

I have loved photography ever since high school when I discovered my passion in the darkroom. After that, I followed my heart into college where I studied photography and art history. I am happily married to my best friend who is also a super creative singer-songwriter, Tyler Stafford. (Go ahead and check him out - you'll catch the fever!) We've been on adventures around the world (we loved India and Costa Rica) and across the United States (ask me about our epic train trip from Reno to Seattle to New York). Our latest adventure started with our baby boy. We love relearning the ways of the world through his eyes.

"WE ARE
SO
IN LOVE"

We are so in love with the beautiful photos Ashley captured for our engagement shoot! More than that, Ashley made the process fun and easy! My fiance is totally not comfortable having his photo taken, and didn't even want to do engagement photos, but Ashley made him feel so relaxed. In the end, that comfort and ease resulted in a set of photos that really represent and capture US! We can't wait to continue to document our big moments with Ashley's talent! - Jessica V.

ALBUMS

The best way to preserve your wedding story in full is by designing a gorgeous curated album of your favorite moments! Your images will be printed on high-quality archival paper that can be enjoyed for generations to come.

The process to design your custom album with me is super easy and I will walk you through every step of the way. You'll get to:

- select your favorite images
- decide on the look, size, and feel of your physical album
- even order companion albums as gifts for your loved ones.

Do you have more questions about this process? Want to see some sample albums? Just ask!

| FREQUENTLY ASKED

ANSWERS TO ALL OF YOUR QUESTIONS

WHERE ARE YOU BASED AND DO YOU TRAVEL?

I am based in Reno, Nevada, and yes, I love to travel! Depending on where the event takes place, some travel fees may apply, but I am a pretty cheap traveler and don't break the bank when it comes to getting to the destination or lodging. I've traveled across the country by train on a 14-day rail pass seated in coach and know how to get down on some Indian street food for pennies, so you know I'm not fancy. Honestly, I find that the journey really makes the destination.

HOW DO YOU PHOTOGRAPH WEDDINGS?

Let me just say, I'm a fantastic third wheel. I will be following you around from the time you are getting ready with your fabulous bridal party to the time you are busting out your best moves on the dancefloor. I am the kind of confidante you want hanging on your big day because I have been known to not only capture all of your special moments that make up your day, but also hold bouquets, bustle dresses, tie bowties, and put on boutonnieres when you find yourself in a pinch. Simply put, I have your back! I always make sure you have a drink and catch some of your cocktail hour apps that are getting passed around during family photos.

Also, I make sure you have time to enjoy each other during the day. I believe in capturing that real love that exists between you two, rather than exhausting you by making you pose uncomfortably all day. You will get a feel for the flow during our engagement shoot.

DO YOU OFFER PRINTS?

Heck yes, I do! You are able to order prints directly from your online gallery. I highly recommend that you think about how you would like your photos to live after you receive your gallery. Find a great space on your walls to hang your framed prints so you can walk by them everyday and relive one of the best days of your life.

DO YOU MAKE WEDDING ALBUMS?

I do! And I very much enjoy the process of designing wedding albums. Each album is custom designed to each individual couple. It is very important in this digital age to bring your memories to life and preserve them in a timeless way. I can also create an engagement album or guestbook for your wedding from the images we capture during your engagement session. Please get in touch with me for album pricing.

WHEN WILL WE GET OUR PHOTOS?

You will receive an online gallery link with all your photos within 8 weeks max (sometimes less depending on the season I photograph your story) via email. You can download all the photos from the gallery as well as share them, choose your favorites, and also order prints!

WHAT DO YOU DO IN THE EVENT THAT THERE IS BAD WEATHER?

My equipment can handle it, so I choose to embrace the storm. I think stormy clouds can make for better pictures and memories. It rained pretty hard on my wedding day and it just made the day that much more memorable. They say a wet knot is the tightest knot so what better a way to celebrate a forever union.

"I EXPERIENCE ALL OVER AGAIN THE EMOTIONS AND SENSATIONS"

I had engagement photos, a boudoir shoot, and my wedding photos done by her. I was hesitant and nervous going into a boudoir shoot and she made me feel comfortable, beautiful and sexy, and the photos reflected it. Not only is she incredibly talented at what she does, but she has an intrinsic energy that is infectious to those around her. As I look through my wedding photos, I experience all over again the emotions and sensations of that day that were so effortlessly captured by her. - Bre V.
