call or text for details

**Most venues won't show you their prices - why ? well there are many hidden fees in their contracts they don't want you to know about - gratuity - admin fees - money to rent little things, They want you in front of them for a hard sales pitch Ugh ... its pretty crazy . We make things simple & honest so you don't waste your time or have any nasty last minute surprises)
*Bring all the hard alcohol you want NO CHARGE - our bartender will serve whatever you bring, along with all the FREE beer and sweet wine coolers we provide all day :))***

All people after the package price are at \$55 per person. For 80 or more extra people the extra person price drops to \$35 per person

When looking at other venues look at the total cost before you book - Liquor - chairs - tables - Decor - ice - bathrooms - food ect... We've had many brides call us crying and tell us of horror stories about venues that were only \$2500 to rent but after it was all added up , by DIY ing it , it was \$15,000 and they would have saved thousands by booking with us AND it would have been stress free
