### Time

It's a day you'll want everything documented, so invest in the time necessary for me to cover it all. More time means more pictures and often translates into a less rushed schedule. 8-10 hours recommended, 12 hours max.

- \$400 per hour

### Engagement session

- \$600 booked with an 8hr package
- \$800 booked separately
- M-Th, 2hrs SE-MI
- About 100 digital images and a few GIFs
- Limited availability
- Destination engagements available

### 2nd Photographer

I prefer to work as the solo photographer and I think you'll get the best results that way. Having me around longer is a better investment than two photographers for less time IMHO.
