Frequently Asked Questions

HOW WOULD YOU DESCRIBE YOUR STYLE?

Unobrusive and calm on the photo shoot, with an eye for candid moments, emotion, and strong compositiuon.

I LIKE YOUR PICTURES BUT I HATE BEING PHOTOGRAPHED.

You don't have to worry about posing or trying hard to look your best. Kyo is good at helping you relax, and you'll be surprised at how he manages to capture the "real" you.

HOW MANY PICTURES WILL WE GET?

Kyo shoots an average of around 2000 to 3000 images at a typical 8-hour wedding. We edit these down to the keepers and usually deliver around 500 to 700 photographs. We individually color correct each one of them.

HAVE YOU WORKED AT MY VENUE BEFORE?

Kyo has worked at many venues all over NYC and New Jersey and beyond, but if he hasn't worked at the place where you're getting married, that's not a problem at all. Being in a new place just means seeing things with fresh eyes, which is what Kyo strives for, no matter where he is photographing.

OUR VENUE WILL BE DARK. WILL THAT BE AN ISSUE FOR THE PHOTOGRAPHS?

Absolutely not. That's part of Kyo's job description: being prepared for every possible lighting condition.

DO YOU CHARGE A TRAVEL FEE?

We do not charge a travel fee for photo shoots within 60 miles of our home base in central New Jersey (such as NYC, Princeton, and the Jersey shore). For destination weddings, we will make our own travel arrangements and charge you a flat fee. Just contact us and we can give you the details.

ARE THERE ANY OTHER FEES WE SHOULD KNOW ABOUT?

We charge sales tax where applicable. Other than that, no, there aren't any other fees.

ARE YOU INSURED? DO YOU HAVE BACKUP EQUIPMENT?

Yes, we are insured! Just let us know if your venue requires our certificate of insurance. And yes, Kyo always brings duplicate camera bodies, lenses, and lights to every photo shoot. His philosophy is: you can never be too over-prepared.

SHOULD WE DO A "FIRST LOOK",OR WAIT UNTIL THE CEREMONY TO SEE EACH OTHER?

Our advice is: do what feels right to you. There are advantages to both. If you see each other before the wedding, that usually means more time for portraits, and you won't have to miss the cocktail hour for family pictures. On the other hand, if you wait until the ceremony to see each other, it packs an emotional punch.

HOW MUCH TIME DO WE NEED TO SET ASIDE FOR PORTRAITS?

It depends on how large your families and wedding party are. Kyo tries to photograph family and wedding party portraits as efficiently as possible. Once you give us the details on exactly who you want to include in portraits, we can give you a time estimate. Also, make sure you set aside some time for picturtes of just the two of you. If you can spare 20 minutes (or as much time as you can) right after the ceremony, it will be a very special moment for the two of you, and we think it's an important time to capture in photographs.

WHEN WILL WE GET OUR PHOTOS?

We will deliver your photos six weeks after your wedding. You'll get them in a password-protected online gallery so it's easy to share your pictures with far-flung friends and family, and as high resolution image files on a flash drive. We give you unlimited printing rights for personal use, so feel free to make as many prints as you want! If you need any advice on where to get your photos printed, just let us know.

WHAT IS YOUR PAYMENT POLICY?

50% of your balance is due upon signing the contract, so we can reserve the date for you. The remaining balance is due a month before your wedding.

WE THINK YOU'RE GREAT. WE'D LIKE TO BOOK YOU! WHAT ARE THE NEXT STEPS?

Yay! We're thrilled you want to work with us. We just need three pieces of information: 1) your complete contact info, including mailing address and cell phone numbers; 2) the schedule and locations (including addresses) of your wedding day; and 3) which package you want. We will write up a contract and email it to you, and you'll be able to sign it online. If you have any other questions, just let us know!

Thank you for getting to know us.
