Roger was so amazing through our whole interaction. My fiancé and I hired him to bartend our engagement party and rented his gorgeous white bar. He helped us with every single detail having to do with the bar! He created our signature cocktails (they were such a hit!), worked with our budget, gave a SUPER helpful shopping list of everything we needed (he even sent pictures of each item!!), rented us the most gorgeous white bar that looked so elegant and elevated and he even designed and made us a bar menu to display for guests. He is truly the best and our engagement party was perfect thanks to him. He was so funny, energetic, professional and so popular at the party that I'm booking him for the wedding too!! I'm so grateful I found him!

Literally the best bartender I have ever met. Can do the most amazing drinks and offers any and all options to fit your needs. Need ice? Cups? Multiple bartenders? Bar? All the alcohol and they bring everything? They can do it. I didn't have to worry about a thing. Super polite too
