Wedding Planning Packages

FULL PLANNING

The Full Planning Package is for busy couples who need assistance in all aspects of the wedding planning process. We provide assistance with everything from vendor suggestions and coordination to guest list and budget tracking.

Full Planning Packages start at \$8,200

PARTIAL PLANNING

The Partial Planning Package is for couples who want to do most of the legwork, but need some guidance along the way. With this package, couples take over the majority of the planning process while we help with smaller vendor selection and coordination.

Partial Planning Packages start at \$4,200

CONSULTING SESSIONS

We also offer consulting sessions for couples that need some guidance, but don't need full planning services. Couples can schedule consulting sessions and request specific assistance as needed if they need minor assistance when planning the big day.

Contact us for more details.

MONTH-OF COORDINATION

The Month-Of Coordination Package is for the couple that has done all the planning but wants to relax and enjoy the month and the day of the wedding. G&N Events will take over all vendor coordination a month before the big day, create a day-of timeline, and will be on-site on the day-of to ensure all is running smoothly.

Month-Of Coordination Packages start at \$2,000
