

 @shadesofpkn |  hello@shadesofpink.us |  shadesofpink.us

What does the process look like?

1

Let's chat! Tell us all about your big day. We love to hear all the details...

Where is it? | When is it? | What services might you need?
How many bridesmaids? | Any additional guests? etc.

2

Reserve your day with us? We would be honored to be your selected as your artists. Should you choose Shades of Pink, we will send you our services contract and request a deposit for the services to be performed.

3

Questionnaire: Woohoo! Now that we've got your day reserved we will send you our client intake questionnaire which will give us a little bit of insight into your skin, and that of the other guests getting their makeup done.

4

Scheduling: We're getting closer to the big day and depending on your needs, we will coordinate with whomever is handling logistics on your end. We like to do this in advance of your wedding day so there isn't any confusion and everyone knows where to be and when to be there.

5

Your day has arrived! We will send you a confirmation email the day before telling you congratulations and confirming our arrival time and location. We want to be the least of your worries that day. So we will arrive on-time, set-up and get the party started!
