Our why...

Every bride has a picture in their mind of what their wedding day will be like one day... As parents of 3 amazing young women and a son, we believe every bride and groom deserve professionals who will help them make that picture a reality. We capture those "magek" moments so they will forever live on in pictures.

Hello... Steve and I (Maggie) are Magek Photography. We are the photographers behind the pictures. We also work with our daughter, Kaylee, who does videography. We specialize in weddings-one of the most amazing days of your life. We have been in business for over 17 years!

Engagement Session...

This is a great opportunity for us to get to know you and for you to get to know us. This isn't a stuffy portrait session. We have FUN!!! We help with posing and help you feel less awkward (let's face it... pictures can be awkward!) Steve gives the guys great advice (it usually gets him in trouble) and we get some spectacular pictures! And, we laugh a lot while we are doing it. There are no time limits or wardrobe limitations. No one can relax and have fun when they know they need to watch a clock! We typically go to a few locations and take pictures until everyone has had enough or it's too dark (although I am not sure Steve knows when it is too dark)

\$300 for the session, includes 2 11x14 mounted prints

Bridals...

Sorry fellas, this is all about the bride (although we did do groom's pictures once- talk about FUN!). These pictures are a little more formal. We find that over the top location and take the bride (and usually her mom or friend) and take pictures of just the bride in her beautiful dress! These usually happen about a month before the wedding (depending on when the dress is ready). Ladies- bring some comfy shoes for walking and some great flowers! And for posing, don't worry- Steve will help you!

\$300 for the session, includes an 16x20 mounted print

The Wedding...

That "magekícal" day where all of the planning, blood, sweat, and tears come together for one spectacular day! There are no do-overs! And you want to capture every last moment so that it will be forever in pictures. I mean, you NEED that picture of Uncle Joe taking off his clothes- the song told him to do it, ya know. Really, it's that day where the groom sees his bride and has tears in his eyes. That day when dad dances with his daughter and wishes that moment would last forever.

And the groom, well, he smashes cake in the brides face (Steve will tell you that the bride starts it every time...) It's the day when family all comes together and acts like a normal family (every family is a bit crazy!)

Two Photographers

You know you want us both there!!!
