The wedding of our Dreams!

"I become lost in words when I think of my wedding at Sans Souci Ballroom,

I don't believe there are words to describe the happiness and excitement I felt on our wedding day. Of course, that wouldn't have been the case if it wasn't for the wonderful experience my husband and I had at Sans Souci.

Our coordinator was extremely helpful, professional and punctual. She worked with us and all of our little details till the very end. She truly brought my vision to life. I never was there a moment where I doubted what Sans Souci had to offer.

The ballroom provides everything needed to make a perfect, beautiful and elegant wedding.

We are lucky to have worked with Sans Souci and cannot thank them enough for giving us the wedding of our dreams, a day we hope to never forget."
