

INFINITE LOOP
PHOTOGRAPHY

about Us

From the pre-wedding jitters, to the last exhausted dance, I strive to make my clients and their loved ones feel at ease. Our relaxed style of shooting allows us to capture images that are spontaneous and timeless - we give you a little bit of direction and then let the rest naturally fall into place. We love to see people laughing and having a good time.

This is how I am able to capture such intimate moments of your day. I want to be as unobtrusive as possible but will also give you gentle coaching so that you feel comfortable and confident. There is no need to worry about awkward posing, just be yourselves and I'll take care of the rest!

Our services and promise to you is not only to give you the highest quality in artistic photography, but also to build a relationship with you and your family for years to come. We are committed to providing a level of quality, professionalism and personal service that will exceed your expectations.

Film Collections

Our greatest calling as filmmakers and as storytellers is to make history in a documentary fashion. We believe that each love story is worth holding on to and passing on for generations to come.

It's in beautifully capturing the emotions that make your story unique. From the love filled kisses, the long, starry gaze in your partner's eye, to the faces of those close to your heart and everything in between. We watch each moment closely, and use our cinematic style to preserve your love story and family's legacy.

Once you have had the opportunity to look at our pricing and if we are within your price range, the next step would be to meet with you and your fiancé personally to discuss the plans for your big day and to get to know each other. After all, the relationship you will have with your wedding photographer is the most important one of all your wedding vendors!

This will also be a great opportunity to show you our stunning custom-made albums, explain our additional services, and understand your concerns and preferences when it comes to hiring your wedding photographer.
