I can't even describe how me and my husband are satisfied with the services provided by Michael and Rasa. All the planning, the day of the wedding ceremony, flowers, the photos - basically everything exceeded our already high expectations. Putting aside the professional aspect, Michael and Rasa are incredible, kind, attentive people. We felt very comfortable around them.

Conch Concierge is absolutely the way to go! You will not be disappointed! I can't say enough good things about them or give them enough stars. I highly recommend the sunrise ceremony- the sun rises on Smather's Beach. Yes, it was very early (6:38)- but the beach was so private and peaceful at that time. Another perk to having it so early is you avoid the heat/humidity that comes later in the day (in June anyway).

Conch Concierge was the perfect pick for my husband and I and our dream beach wedding in Key West. Michael and Rasa arranged accommodations for us getting off of our cruise ship, to picking a local place to get my hair done, and even helping us find a romantic spot to eat lunch after our mid-morning ceremony. My flowers were so beautiful and we have pictures and a video that we will treasure forever! I would recommend Conch Concierge to anyone!

Our experience with Michael and Rasa was everything we expected! They were very knowledgeable and helped in all the details of planning our elopement/barefoot ceremony on the beach. They offer or have recommendations for every service you need to make YOUR day special! I'd highly recommend!
