About Us

We're Laura & Kayla and we started Back Patio Event Design in San Diego, CA with the purpose of providing organized wedding planning and production. As experienced wedding planners and event management coordinators, we believe every event should be grounded with love and support.

We pride ourselves on the professionalism, attention to detail and passion that we bring to wedding planning. Imagine your big day created with a classic, polished and clean design. We want you to enjoy your planning process, the day of your wedding and the memories created with your friends and family.

Growing up, we learned one very important lesson from our families. Surrounding yourself with the love of family and friends is irreplaceable. Where we're from, gatherings and celebrations always took place on the back patio. Here everyone felt welcomed, loved and never wanted the day to end. We bring that same spirit to every one of our events here at Back Patio Event Design and we hope to do the same for you.

the terrace

Your planning relationship with us begins immediately by creating your planning road map.

This package is great for fun-loving couples who need light event planning guidance with access to a client-only planning portal.

Finally, your team of professionals will handle all of your wedding day event management.

the garden

As the most frequently booked relationship, the garden focuses on design, budget and efficiency assistance.

This planning option is for the design loving couple or those who require some hand holding to polish their wedding vision.

Prep your favorite coffee mug or tea cup for fun and collaborative planning.
