What they're saying

"I truly can't begin to explain how much appreciation and love I have for the Clay Theatre team. We were so lucky to find our stunning venue but were also able to make forever friends! I can't recommend The Clay enough to all future brides who are looking in the central Florida area. The venue itself is so unique and charming. There is so much attention to detail.

The entire Clay team is so supportive, fun and helpful throughout the entire process.

We absolutely loved our wedding day and will forever be grateful that we chose The Clay."

K+S

"The Clay Theatre is the best of the best. We had our wedding here this month and it was absolutely amazing! From the moment we toured the venue, we were blown away with how organized they were and the service they provide. The wedding day was seamless and Cristina, our Coordinator, was the BEST! She made sure that everything went perfectly. The Clay Theatre is a beautiful venue and we are so grateful we were able to get married here!"
