WEDDINGS FAQ

IS CRW EVENTS RIGHT FOR US?

Q1: HOW DO I RESERVE MY DATE?

After Date Availability has been established, set up an Introduction Call with us! Ask any questions you may have. Determine which Planning Service best fits your needs. Review our Proposal of Services; Sign Your Contract. Pay Non-Refundable Retainer and Sign Your Contract of Services.

Q2: WHAT DOES A WEDDING PLANNER DO "BEFORE" THE WEDDING?

When you hire CRW Events, we are with you through your entire planning process. We help execute your wedding vision. We are extremely familiar with venues and vendors that will match your style and budget, we know the answers to all unknown questions, and ultimately, will help you keep calm and excited to plan the most important day of your life.

Q3: WHAT DOES THE WEDDING PLANNER DO "ON" THE WEDDING DAY?

CRW Events will be the first vendor at your venue, and the last one to leave. We will make sure all vendors are there, and where they are suppose to be. We will be there for any questions from the bridal party, vendors, the venue staff, and guests. We will help keep you & other parties on time through the entire day, and that's just the icing.

Q4: WHAT IS THE DIFFERENCE BETWEEN A VENUE COORDINATOR AND A WEDDING PLANNER?

The simple answer is: A venue coordinator works for the venue, and a wedding planner works for the couple. A venue coordinator will be dealing with all the aspects & logistics of the venue such as set up, the staff, food, etc. A wedding planner is there to oversee the set up from all vendors, facilitate the wedding ceremony, answer any questions, take care of any problems, and to make sure everything is exactly as the couple wants it.

Q5: I WANT IT TO BE MY WEDDING, WON'T THE WEDDING PLANNER JUST DO WHAT THEY WANTS?

I think this is one of the biggest misconception about wedding planners. It's absolutely your wedding, your vision, your ideas. CRW Events will hold your hand though the entire process, with help and advice. We will do all the ugly work of finding, contacting and negotiation with your vendors. Yes, we may have a signature look to our weddings, but chances are our clients pick them because we share a similar wedding style.

Q6: DO I REALLY NEED A WEDDING PLANNER? I HAVE A FRIEND WHO WOULD HELP AT MY WEDDING. THAT'S THE SAME, RIGHT?

As helpful as your friend and family will be during your planning, they shouldn't have to 'work' on your wedding day. It can go both ways: either they will have so much to do that day they won't even be able to enjoy your wedding day or they may not take the job seriously, and the day might end up with some major mistakes and/or issues.
