

A smiling woman with long blonde hair, wearing a white long-sleeved top, a chunky necklace, and wide-brimmed cuffs, posing with her hands behind her head.

A collage of three wedding photos. The top left photo shows a couple in a white wedding dress and suit, embracing and kissing. The top right photo is a close-up of hands exchanging a ring. The bottom photo shows a bride in a white wedding dress, looking down.

Welcome

They say a picture tells a thousand words. At Focal City Studios we strive to make sure each unique and timeless memory we capture tells a story with a thousand perfect words.

Our team is always prepared to capture those unforgettable moments- the glint in the groom's eyes as he sees his bride walk down the aisle, the innocence of a newborn baby or the fresh love between a newly engaged couple.

It is our priority to make you, our client feel comfortable in front of the lens and have an enjoyable experience. We provide an outstanding service perfected with an album of flawless professional photographs we guarantee you will love!

Focal City Studios is based in Indiana and we are available to travel nationally or internationally to capture the perfect shot for our cherished clients.

Focal City Studios offers bespoke packages and we engage with our clients to understand, inspire and capture each special moment.

We specialise in wedding, couple and newborn photography. We also have experience in conferences & events, commercials, album covers, fashion and headshot photography.

Our team of professionals are renowned for capturing the emotions of our clients- the joy, the passion, the excitement, the innocence.

Let us capture your special moment.
