Same Day Edit Add-On

A fully produced video, right at your wedding. We take footage of everything right up until the cocktail hour and create a custom video that will blow your guests away. Set to professionally licensed music and highlighting all the special moments of the day that lead up to that night. Presented no earlier than the cake cutting.

\$1000

Note:

A 25% retainer of the final total is due before any date can be held.

Mini-Same Day Edit Add-On

A great same day edit that has all of the style and story-telling, only it is presented without audio, on a laptop at the wedding.
