Special Note

Hi there! I'm Sara. I have found such joy in documenting my couple's most special moments and giving them the ability to just enjoy the time that they're in by being a calming and joyful presence. Your wedding day is a day that you will never forget, and I'm here to capture and coordinate every little moment so that you never will. My goal is providing you with a personalized experience. I will go above and beyond to ensure that you feel relaxed and confident that your wedding photographs are in the best hands and that your wedding day is something you enjoy, knowing I'm there for you.

The Experience

Step 1 - Meet - Once you inquire, we will set up a phone call or video chat to connect and get to know each other. Working with a photographer who you feel you can be friends with and will be committed to capturing your story exactly the way you want is super important!

Step 2 - Booking + Engagement Session - If you feel I am the right fit for your special day, we will reserve your wedding in my calendar. If you choose to do an engagement session we will pick a location that is unique to you and your fiancé, which is a great opportunity to get comfortable in front of the camera prior to your big day.

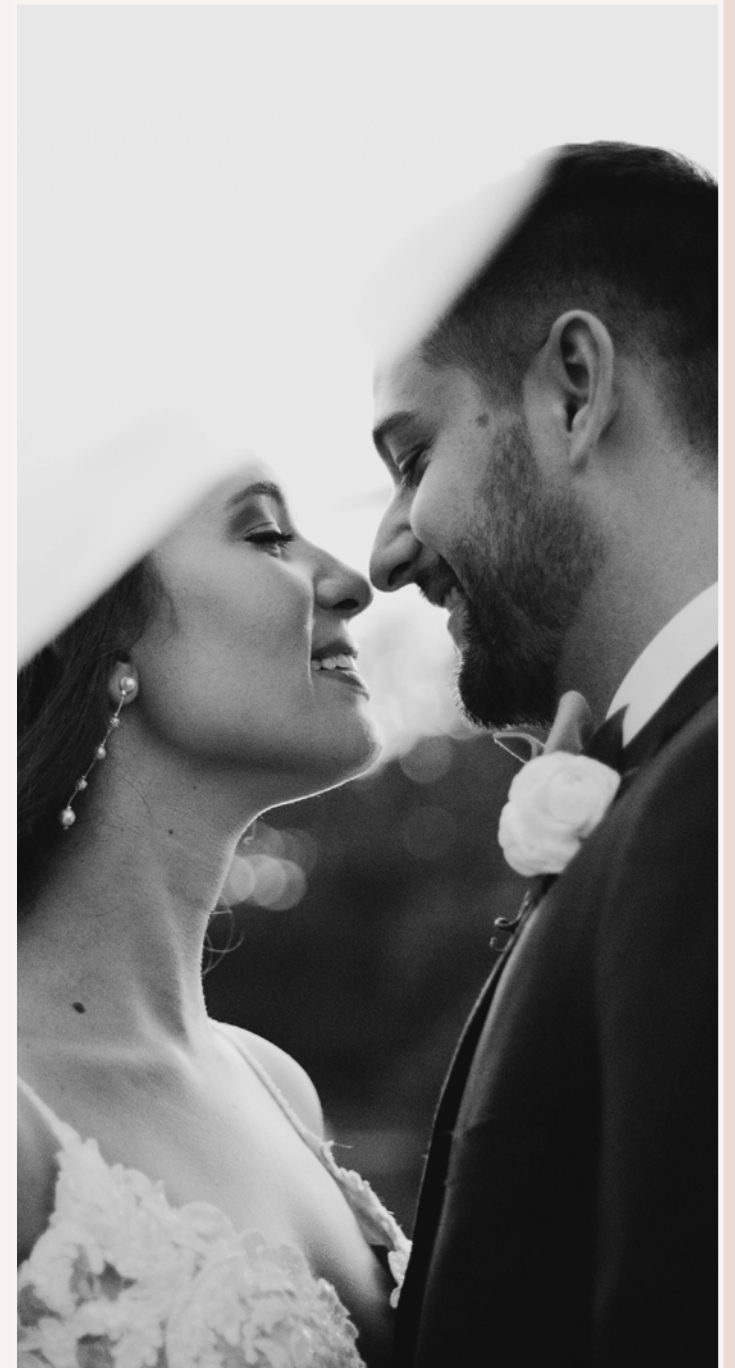

Step 3 - Bride + Groom Questionnaire - We will talk throughout the planning process; however, about 1-2 months prior to your wedding, I will send over a questionnaire that will give you the opportunity to share all the details of the day. This is so that all you have to think about on the wedding day is marrying your person, knowing your priorities are my priorities.

Continued...

Step 4 - The Wedding Day - We will arrive a little earlier than planned. Following that we will, of course, say hey to you and your fiancé + start right away photographing the details. From there we will follow the timeline to make sure that we document all the events of the day in good timing. The day will FLY by - so remember to just take in every little second with the people you love.

Step 5 - Gallery + Staying In Touch - Within 5-7 weeks you will receive your full wedding day gallery. Trust me, I know that this is a long time to anticipate reliving and sharing your beautiful day so I will do my best to give you sneak peeks. I love keeping in touch with you + continuing to capture all that God blesses you with in the next chapters of your life together as husband and wife. You will have a forever friend!

Collections

Kind Words

Sara is an incredible photographer! She is so creative and fun, and took her time before our big day to understand what moments were most important to us, capturing our vision perfectly. The timeline she created ensured we had time for the special photos but also had time to relax and catch our breath. From our toddler ring-bearer not wanting to cooperate to our family making special photo requests after the ceremony, she stayed patient and focused, and our day ran so smoothly. We are so thankful we found Sara, and we will cherish our photos forever!
