### **BRANDON MICHAEL & GISELLA SIGNATURE PACKAGE \$4,495**

Your relationship is a story woven through time. Let us tell that story in the most beautiful, authentic and cinematic way imaginable so you can return to that magic moment for all time and remember how it all began.

Leave real life at the door and step inside a whirlwind adventure created especially for you. Striking the perfect balance of adventure, romance, celebration, and play, our pre-wedding or after-wedding excursions provide you with an excuse to unwind and bond while reminiscing how it all began.

Imagine an excursion that takes you on a helicopter ride over Niagara Falls and ends with a candlelit dinner tucked away in a sleepy northern town.

Or let yourself drift as you sip martinis at the bar after a day of riding horseback across unbroken countryside. No need to worry about saving room – you'll work up an appetite taking dance lessons on the terrace before dinner is served.

Maybe you're the romantic type, and always imaged your life as it would be in a romance novel. Star in your very own fairy-tale, complete with the story of how you fell in love.

Our happy couples also can bring us for part or all their honeymoon. Depending on your destination, we'll catch you riding jet skis, snorkeling with dolphins, toasting at your favorite skiing lodge, or enjoying a sunset meal for two on a quiet piazza.

As a couple who runs a busy wedding studio creating emotional wedding films, we understood the importance of capturing our pre-wedding love story. We filmed our engagement on top of a mountain, elopement in three states and spent a month in Colombia exploring the countryside. It is these experiences that makeup the beginning of our life together and provide a starting point to the story we want to tell.
