Who We Are

Mind of Mo Photography offers classical, elegant, personalized photography services including weddings, families, seniors, maternity, and boudoir. We have been working in the photography industry since 2014 and we bring a fresh, fun, and unique approach to your experience, providing couples and families with much more than simply photos.

With six full-time photographers on staff, Mind of Mo has the experience and availability to make your time with us unforgettable. With an eye for detail and candid moments, our family run business aims to treat your wedding day with as much love, devotion, and care as you do. Mind of Mo Photography proudly serves Minnesota, Wisconsin, and the general Midwest, as well as destination and elopement-style weddings.

Our style continues to be relaxed, laid-back, and candid - our edits are natural and we believe clients take the best photos when they are relaxed and having fun!

We offer photography services at affordable rates and are always happy to work with custom-built packages so that any client who wants to use us for their photography, can. We don't believe that anyone should have to sacrifice the quality of their photos because they want to stick to a budget! Because of this belief, we offer payment plans and flexible deposits for all services.

Our personalities are what our clients love most, and we believe that we bring a good energy and calming presence to everything we photograph.

Weddings have always been our specialty, and are a true passion project for us. We adore our couples and are proud to have built lasting, meaningful relationships with brides and grooms for over six years. We have built prideful partnerships with venues across Minnesota and Wisconsin and are featured on dozens of Preferred Vendor Lists. Our approach to weddings will always be bringing the most upbeat, positive, and helpful energy possible while providing stunning photos and never missing a moment!

Weddings & Elopements

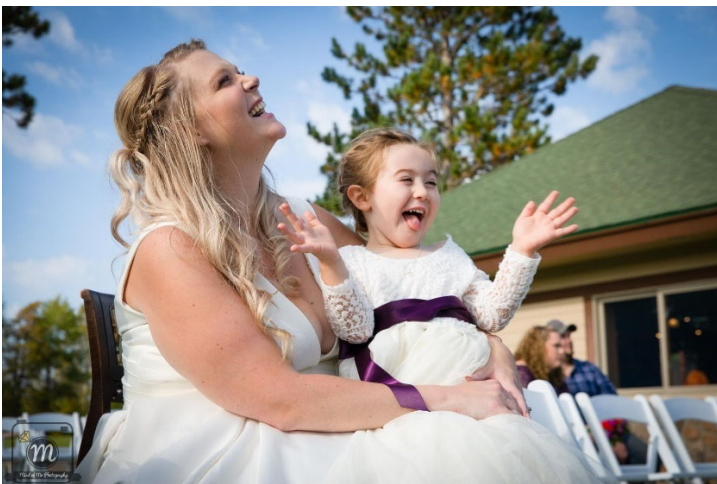

On the most important day of your life, know you've invested in someone who cares about your wedding just as much as you do.

At Mind of Mo Photography, we don't believe simply delivering stunning photos is enough. We pride ourselves on all that we offer our clients: from wedding and day-of coordination, to vendor referrals, to creating timelines and must-have shot lists, and so much more. With a long list of satisfied couples and years of experience, we are ready to make your wedding day the best it can possibly be.

While we feel the investments below serve to fit most wedding days, we understand that yours is unique - so please know that customized options are always available.

Add a Boudoir Session to any wedding package and receive a \$100 discount instantly!

"Mind of Mo was AMAZING!!! We used them for our wedding, and they were easy to contact and work with all the way - even when we needed to postpone due to the pandemic. Our photographer was more than we could have ever dreamed of! She knew precisely what to do and got through our shot list in record time. She was very helpful coming up with couple poses and fun ways to get our bridal party pics. She was essentially another 'day-of wedding coordinator' as well and was not shy about helping us round up people! Truly, there's no other company or photographer we would have wanted to work with and we feel lucky and blessed to have gotten Mind of Mo to help us record our special day! We've already gotten back our preview photos and the timeline for getting all of them back is very quick. We got a link where we can download all the pictures, so we can print them or do whatever we'd like with them. We also got them in full color and in black and white so we can mix and match whatever we like best. All in all, we would give Mind of Mo 10 out of 5 stars if we could!"

- Nicole, 2021 Bride
