STREAMLINE COMMUNICATION AND SCHEDULING to make your wedding day run smoothly.

My whole experience with Mosaic was amazing! I was late in the game on getting a makeup artist for my wedding so I was worried about availability. Kendra at Mosaic was extremely responsive and helpful in working with my schedule for the trial and wedding day. The makeup was exactly how I wanted and they made me feel so special! All Amarillo brides should try and schedule with Mosaic.

I had a great experience with Mosaic Beauty Studios. They listened to me about what kind of look I wanted for my wedding day and created a spectacular look. The price was very reasonable. The hair and makeup lasted all day, and people commented about how beautiful I looked. As someone who is not girly at all, I was worried about being uncomfortable with the hair and makeup, but they made me look like myself. To me, that was the most important thing on my wedding day.
