# What's the next

No two weddings are the same. Your locations, time lines, traditions and the overall style and feel will be unique for your wedding. Your photography should represent that.

Getting together to chat about your wedding is a great way for me to understand what you're looking for. If you're not sure what you're looking for, or you're still working out a time line, I can help with that too. I'd be happy to answer any questions you might have regarding photography, time lines, shot lists and so on.

Collections can be completely customized based on your needs. Let's meet to talk about your wedding vision and how we can make it a reality.
