A: No worries! I know it's super difficult to know everything months in advance while you're still nailing down logistics. You can add on extra coverage during the planning process!

Q: Are photography permits included in your fees?

A: Permit fees are not included and will need to be paid separately to the appropriate agency - but I'll be here to help guide you!

A: Don't fret - you will NOT be surprised with an additional invoice for lodging or transportation, and I'll take care of any travel arrangements I may need.

Q: We want our dog to attend - is that possible?

A: YOU BET IT IS! I'm a HUGE dog lover + am PAWSITIVELY pumped to have furry friends join the wedding fun. I'll give suggestions on how to make it most enjoyable (for you and them!)

ABOUT

Hey y'all! I'm Morgan Pirkle, the creative director at Kept Record, a wedding photography company for couples seeking a different + daring wedding experience. Cause cookie cutters belong in the kitchen, not in your photos!

[@kept_record](https://www.instagram.com/kept_record)

Growing up, I obsessed over photos that filled the walls of my grandparents' homes. Photos are a way to time-travel + connect with moments and people that have shaped our stories! Keeping significant photos within reach enriches our lives by reminding us where we've been and where we want to go. Kept Record officially launched in 2017, but I've had a camera in hand since around my tenth birthday!

My husband, Krisztian, and I eloped in Joshua Tree back in 2018. It was one of the most life-affirming and profound experiences of my life! Eloping isn't for everyone, but it gave us the opportunity to get married in a way that reflected our love of adventure. I wouldn't change a thing! Now I get to put the lessons learned into action helping other couples experience a nontraditional wedding day too.

When we work together you'll leave with those meaningful, personal photos; snapshots of the day you committed your lives to each other, reminding you of the journey you're on together and the story you share. Fair warning before you go any further: I use a lotta exclamation points, I probably talk too much about my dogs, and secret confession - I love pineapple on pizza. If any of those are deal breakers it's best you know now!

When I'm not working, you'll find me in the kitchen baking up tasty treats, out on a trail hiking with my little family, or rewatching Schitt's Creek for the millionth time!

To being different + daring,

Morgan Pirkle

PRAISE

"We hired Morgan for our elopement with our families in Yucca Valley. She helped us map out the day and plan ahead for ways to make the day stress-free and special. Morgan jumped right in with our families and seamlessly kept things moving to capture so many special moments. She went beyond our expectations to make us all comfortable and even accommodated my very shy dog by bringing toys for her to ensure she'd join for photos!! Morgan's warmth and personality were a delightful addition to her talents as a photographer."

FROM MARI S.

"Morgan was our elopement photographer and I couldn't be happier. I can't imagine anyone else but her being our photographer. She's not only an amazing photographer, but she is also the sweetest person and made the whole experience incredible... she made everyone feel so comfortable that, to be honest, I kind of forgot she was taking photos at one point, it kind of felt like we were hanging out with a friend. She captured so many beautiful and REAL moments, I cried looking through our wedding pictures because it felt like we were reliving it! If you want beautiful pictures that are genuine and capture the true essence of your day, Morgan is your girl!"

FROM ESTEPHANIA S.

"We couldn't have been happier with Morgan. We were looking for a photographer with a photojournalistic style and were so happy with our photos. Prior to the wedding she was super responsive and provided great insight into the timeline. On the day of, Morgan was punctual, professional yet comforting and relaxed, and FUN! We love Morgan!!!"
