

WAVELIGHT
STUDIO

PRICING GUIDE
2023

LET'S GET STARTED

Thank you so much for reaching out, and congratulations on your upcoming wedding! We are so excited that you are considering working with us.

Hi, I'm Kevin, owner and principal filmmaker for Wavelight Studio. I've worked as a wedding filmmaker for almost ten years, serving couples in New Jersey, New York, and Pennsylvania before opening Wavelight Studio in 2020. Wavelight's goal is to give you a wedding film that transports

you back to the magic of your wedding day (no matter how many times you watch!). We strive to create beautiful, cinematic moving pictures that reflect our couples' partnerships. Wavelight's role--and our privilege--is to capture the laughs, tears, and joys of one of the most important days of your life. This responsibility is not something we take lightly, and we are honored that you are considering us to be part of your wedding day team.

FAQ'S

What does raw footage mean?

This is every single clip we record on your wedding day. We give you everything we work with to build your wedding film. This will include drone footage, audio files and extended clips of your ceremony and reception. This allows you to go through and see everything we see from your wedding.

Do you provide aerial footage?

Yes! We do provide aerial coverage with all of our packages. We cannot fly in FAA restricted areas and will not attempt flight in inclement weather.

Do you provide same-day edits?

We currently do not provide same-day edits. Our main focus is getting every moment and detail of your day. We do offer social media edits within a few days of your wedding. These are finely crafted edits that allow you to see many of the magical moments of the day.

What is your business policy for travel expenses?

We do not ask for travel compensation if we are working within 2 hours from our office space in Manasquan, NJ. Each situation is unique so we can work with you to find a travel accommodation solution that works best.

How many videographers do you have on your team?

We currently have 3 videographers working on our team but are always looking to expand. Through our experience, we've found it is always best to have 2 videographers working a wedding event. This allows for multiple angles of coverage and ensures that no moment is missed.

What is your payment policy?

We operate on a three payment plan for our wedding packages. When signing with us, we'll ask for a 1/3 deposit to lock in your wedding date. The 2nd payment will be due 30 days before your wedding date. The final payment will be requested once you receive a digital proof of your wedding trailer. After this is paid, we will send you a hard drive with all of the footage from your wedding day.

What forms of payment do you accept?

We accept cash, check or credit card, paypal or venmo payments.

What is your turnaround time for my wedding film?

Typical turn-around for wedding edits is around 12 weeks but can be as long as 16 weeks at the peak of wedding season. This is dependant on the the amount of weddings we are currently editing.

Do you have more questions?

Please don't hesitate to reach out! We are always happy to connect with couples whether it be a question or a recommendation for other great wedding vendors, we are here to help!

READY TO SAY I DO?

SO WHAT'S NEXT?

Yes! You've decided that you'd like have us on your wedding team!

I'll create a contract going over all the requested details of your wedding videography package. I will also send an invoice for a 1/3 deposit. Once the

contract is signed and the payment is recieved, you wedding date will be locked in with us!

We are always available to chat about any questions you may have. Congrstulations on your engagement and we hope to work with you on your wedding day!
