# FAQ'S

---

## ***How do we secure our wedding date?***

*Your date is secured with a paid deposit and a signed contract. Once these have been recieved the date is all yours. If you would like to meet or video chat before the wedding date, it would be a pleasure.*

## ***Are you unobtrusive throughout the day?***

*Absolutely. We remain discreet throughout the whole day.*

## ***What do you need from us?***

*A common pretense couples have is thinking that they have to 'perform' for the camera. I never ask you to do this, instead of fabricating moments I prefer to capture them authentically as they happen.*

## ***What if my wedding overruns?***

*For full day packages, filming is from 2 hours (+ travel time) before the ceremony until you exit your reception. If this runs over 8 hours, this will be charged at \$200 per hour. Don't worry though, this will always be spoken about before I leave. You can also book extra hours in advance if you know that the event will exceed 8 hours.*

## ***When will I receive the videos?***

*Normally, your wedding film(s) will be ready within 6 weeks. In busy summer periods, it can be up to 8 weeks.*
