

# THE JAZZ CONSPIRACY

## MEDIA KIT

**The Jazz Conspiracy** is an event band based in Pittsburgh, PA. Our roster of experienced performers specialize in bringing the classic sounds of the big band era to weddings and special events. We work with couples and planners to adapt our energetic performance to suit your event.

The full band experience is a sight (and sound!) to behold, with a full, stage-dominating cast of 18 skilled musicians. Though we specialize in the swinging tunes of the big band era, these versatile performers are able to take on any genre and are eager to craft music to meet the vision of your event.

We offer the flexibility you need to customize to suit the occasion. Those celebrating a grand gala affair will love the electrifying atmosphere that the big band delivers. For a more intimate gathering, we can offer smaller groupings without sacrificing style. A configuration may range anywhere from 3 to 10 players, ideal for smaller venues and events— from a garden party to your sacred ceremony.
