# Who We Are.

We bring something new and modern to wedding videography. We are a team of creative professionals and our style is cinematic storytelling. Multiple camera angles, cutting edge equipment, beautiful instrumentals and creative editing define our style. Let's be honest: simply turning on one camera, pressing record and handing over hours of tape doesn't cut it anymore.

Our business is based on the relationships we create with our clients. We rely on the opinions and satisfaction of others, If you're looking for something unique & "non-cheesy" you've come to the right place. Plus, we think we're pretty fun to work with! Everyone has a story that deserves to be told – we consider it an honor and a privilege to be allowed to tell yours.

# The Process

We start with a phone call! Covering all the details of the wedding and exactly what you're looking for. I explain our style in depth and make sure we are a good fit for your wedding. The most important thing (aside from talented vendors) is making sure we have great communication and are capable of providing you with exactly what you're looking for.

The story of how you've met, your venue choices and what you care about most with your wedding is our top priority. We want the films to be just as emotional in 50 years as they are today. Allowing us to learn about you, your relationship, family and friends. We can create a completely custom and wonderful film that you share for years to come.

Filming style, composition & music choices are all important aspects to creating a custom and creative film that represents your wedding and all the emotional moments of the day. We want you to have complete creative freedom.

- 2 Professional Videographers for Full Wedding Day Coverage
- A Documentary Style Film of the Ceremony
- Full Edit of the Reception Toasts captured in HD with Crystal Clear Audio
- Full Ceremony and Reception Coverage with no Time Constraints
- Drone Footage of Venue & Locations
- Highlight Film

# The Difference

We are familiar that you've probably never booked videography before! Here's the differences in our packages.

## **Cinematic Plus:**

The Cinematic Plus contains all the prep footage, drone footage and a highlight film. The hair & makeup, detail shots and excitement of the morning really help the composition of the films. We also bring additional gear like gimbals, sliders and extra cameras. This not only gives you more footage in total but allows us to have complete creative freedom to capture your day.

## **Creative Classic:**

The Creative Classic covers your full ceremony & reception. This includes all the events of the day and open dancing. We use the editing checklist to break down exactly how you want it to be presented.

Love our highlight film style but can't upgrade to the Cinematic Plus?  
**We've got you covered.**

# Booking

Once we have gone through all the details for the wedding we have a very easy booking process! ✍️

We will send you a digital contract to fill out that has all the times and locations of your wedding. The contract can be filled out by email and we accept a retainer of half down to secure the date. The invoice can be paid by Square (our invoice software) or a check sent to our office here in Kent. Once received you will be issued a receipt, confirmation email and your date will be secured in our calendar!

A couple weeks before the wedding we will send you a full detailed itinerary to fill out along with an editing checklist and invoice. This allows us to make sure we know the timeline of the day along with all your editing specifications. All documentation we send you will be followed by a phone call.

We know how crazy wedding planning gets so we will always be in communication!

# Editing

We will send a digital itinerary and editing checklist before the wedding. Our comprehensive editing checklist makes all the difference!

## **Here are some of the topics we cover:**

- Overall Duration
- Music Requests
- Specific Moments
- Ceremony Length
- Reception Events

We also encourage you to pick out films from our portfolio you especially like! This helps us dial in exactly what your looking for.

# Delivery

Once your wedding is captured we immediately start the editing process! We will send you an email with a due date on exactly when your project will be finished! We know your excited to see the films and we want to make sure you know when to expect them. ☑️

We give you the rights to all of your films and we encourage you to share them with your family & friends! Once you have reviewed the films we are happy to make any changes or revisions within 3 weeks following delivery.

I hope this guide helped you and gave you some insight about our services here at Vows to Video. I would love to set up a phone meeting and get things going! Feel free to email us or call me directly anytime. I'll list all of our information below in the next tab, including our portfolio, website & films. I look forward to hearing from you and learning the details of your wedding!
