

SuperFly Wedding Package

Updated 07.04.23

www.superflyrocks.com/weddings

Thank you for your interest in SuperFly for your upcoming wedding! First off, we are not your typical tuxedo wearing, boring, run of the mill wedding band. We provide the ultimate party extravaganza and over-the-top music entertainment experience with the class and elegance that your wedding deserves. Here's a brief description of what you get with SuperFly to see if we are a good fit for your wedding:

- SuperFly is Milwaukee's ultimate party band, playing a non-stop variety of pop, rock, dance, funk, disco and country hits that will keep the dance floor going all night long
- Our versatile, high-energy and enthusiastic five-piece band includes guitar, bass, keyboard, drums, and multi-part harmonies
- Our entire performance is 100% live, we don't use silly backing tracks
- We provide our own professional and state-of-the-art sound & light system, suitable for any size venue and crowd, indoor or outdoor
- In addition to two 90~100 minute sets, we provide complimentary pre-recorded music during our break, dinner, cocktail hour, or whenever you require it
- We can also provide MC services and announcements for the first dance, special dances, grand march, as well as a wireless microphone for speeches
- And if you are in the need of last-minute clergy services, look no further! Our very own lead singer *Kid Sparkle* is a fully licensed marriage officiant!
- We are an independent band, which means that we contact your venue to coordinate entertainment schedule and logistics, and you work directly with us every step of the way – no lousy talent agency or sales rep in the way to mess up any details on your special day

We have played countless weddings, have extensive private party experience, and with our top-notch and rock-solid live performance and professionalism, you can rest assured that SuperFly will take care of all your music entertainment needs on your special day.

Now getting down to business. Our standard wedding rate is **\$2,100** which includes everything listed above. If additional accommodations are required, we will adjust the rate accordingly, including but not limited to:

- Our standard rate is for the Milwaukee area and surrounding counties. If your wedding is outside this area, we will adjust our rate depending on travel time and distance.
- Weddings outside Milwaukee and surrounding counties may also need overnight stay for the band, requiring 2 to 3 hotel rooms (six beds total), booked and paid for by the wedding couple.
- If you need the band to set up early or the day before the wedding, an additional **\$600** will be added to the standard rate.
- If you need a separate sound system for your cocktail hour or dinner in a separate room, other than the reception, we can provide this service for an additional nominal fee of **\$400**.

FAQs

When does the band start playing?

We usually start playing shortly after the first dance and all family dances. This is typically at around 8pm for most weddings.

How long does the band play?

We play two 90~100 minute sets of about 20~22 songs each set, and take a short break between sets.

What type of music do you play?

We play nothing but hits from a variety of genres. Our setlist has been fine-tuned over the years based on song popularity and audience engagement, so we can assure you that no one will leave the dance floor once we start rocking. You can find our current song list on our wedding webpage:
www.superflyrocks.com/weddings.

Can the band learn specific songs for special dances?

We can usually accommodate learning one or two of your favorite songs, but would rather learn them only if we can perform them satisfactorily. If we cannot do so, we will have them ready to go on our MP3 player.

Do you take special requests to play during our wedding?

Our setlist has been tailored to keep the dance floor going, but we can always try to switch songs around. Please feel free to go over our current song list and let us know which songs you definitely want to hear, and which songs you definitely DO NOT want to hear. You can find our current song list on our wedding webpage: www.superflyrocks.com/weddings.

What type of sound system do we need for our wedding?

Leave that to us. We have our own professional grade, top of the line sound system with enough capacity for any indoor or outdoor venue. We can accommodate anything from a small nightclub type show to a larger tent-style festival setting. We will contact your venue directly to determine exactly what sound and lights configuration we need to bring. This will also make sure the band's volume is adequate and proportional to the size of the room and the number of guests.

We are worried a live band will be too loud for our wedding

Having a modern, reliable and state-of-the-art sound system is key for live music entertainment. As a band who owns our own PA, we have plenty of experience in "dialing in" our sound system to any type venue and audience size. We guarantee a show filled with high energy, intensity and enthusiasm, while maintaining appropriate volume levels such that your guests will be able to talk without having to scream over the music.

Is it true the bigger the band, the better the wedding reception?

This is probably the biggest myth when it comes to wedding bands. The secret ingredient is having a solid rhythm section. If you start with a weak core, adding more musicians only magnifies the weakness. A solid rhythm section and groove is one of many things that SuperFly brings to the table. Our drummer (Right Said Ed) and bass player (Tenacious T) lay down the foundation, our guitar player (Busta Hip) and keyboard player (Notorious P.A.T.) take care of the hooks, riffs and fills, and our lead singer (Kid Sparkle) tops it off with amazing vocals. This is what defines the energy and feeling of the band, and this is what SuperFly can do for your wedding: *keep your guests dancing and partying all night long!*

Where can I see the band live before deciding to book for our wedding?

We are a band that likes to keep busy, so feel free to check us out at one of our public shows before deciding to book us. Our shows keep the crowd fully engaged, thanks to our on-stage camaraderie and chemistry, and our lead singer Kid Sparkle's antics. Make sure you bring your mad cowbell and tambourine skills to the stage, because everyone's a star at a SuperFly show! You can find our schedule for upcoming shows on our website: www.superflyrocks.com/schedule

Is the band on social media?

Absolutely. We regularly upload photos and videos of our live performances and shows to the following sites:

- YouTube: www.youtube.com/user/superflyjason/videos ... we have over 80 live and promo videos for your viewing pleasure (if you prefer to see us live from the comfort of your home!)
- Facebook: www.facebook.com/superflyrocks ... you can find a selection of photos from all our past events and gigs (don't forget to click on 'like'!)
- Instagram: www.instagram.com/superfly.rocks/ ... lots of photos here as well (follow us if you dare!)
- The Knot: www.theknot.com/marketplace/superfly-milwaukee-wi-1028538 ... we are one of The Knot's featured bands in the Milwaukee area, you can find photos and several wedding reviews here as well (if you decide to book us, we will most graciously ask for a review!)
- Wedding Wire:
<https://www.weddingwire.com/biz/superfly/5cf02cbc3e3fb529.html?idStorefront=7811637> ... we are also featured in Wedding Wire!

Who takes care of MC and DJ services?

Our very own lead singer *Kid Sparkle* will gladly MC all announcements, such as first dance, special dances, grand march, etc. DJ and pre-recorded music are taken care of by our sound guy, Doug. All this at no extra charge!

How much space do I need for the band?

The band should be located right in front of the dance floor. We can fit our equipment and sound/light system in a minimum area of 24 feet wide by 16 feet deep. We have been able to squeeze into smaller areas, though. A raised stage for the band is not required. Please check with your venue to see if they offer a stage as part of the reception room if you would like one, as we do not offer this service. (Note that most venues do not have/own a stage.)

Is our venue band-friendly?

Most venues have everything we need. However, we will request your venue's contact information in order to give them a call to make sure we know the room's layout, nearest power outlets and amperage rating for our equipment, and determine the best spot where to set up. We also need to know where to change into our crazy funky outfits! (Broom closet always works.)

Will the band be eating?

It is not a requirement to provide food for the band. Please let us know in advance if you will be kind enough to have food available for the six members of the band, or if food will not be provided so we can prepare accordingly.

What does a normal wedding timeline look like?

Based on the weddings we have played in the past, this is a typical schedule:

- 4pm - cocktail hour and DJ music
- 6pm - dinner and DJ music
- 8pm - first dances, followed by live music
- 10pm - break and DJ music
- 10:30pm - live music
- 12pm - end of the reception

Is a down payment required to book the band?

When booking the band and signing our contract, we require a 20% down payment to reserve your date.

What type of payment does the band accept?

Our preferred method of payment is through a personal check. We are able to accept credit card payments through PayPal, but we do charge an extra 3% to cover PayPal's transaction fees.

If you have any other questions about SuperFly's song selection, services, or pricing, please do not hesitate to contact me directly. We look forward to providing the best and most affordable live music entertainment on your special day!
