“

She was everything we wanted in a photographer: someone who captures real, candid moments in a way that conveys sincere emotion – and oh yeah, the photos are always stunning. When initially meeting with Sam, we really liked and agreed with her philosophy that wedding photos should represent the day like you remember it – not in posed, awkward stills, but with the motion and emotion that made it special. And man, did she deliver. You should know when you book Sam that you are booking a real artist: someone who understands light, color, and composition. Somehow Sam manages to “get the

shot” without ever directly posing you or using artificial light. If you have ever seen her at work, then you probably know why. She is all over it! Both my father and another dad I know who used Sam for a wedding said the same exact thing about her, “She works her a\$\$ off!” On top of all that, Sam is a pleasure to work with and to have around. She spent the entire day with us on our wedding day, and we were so glad to have her. You will not regret booking Sam – we just hope you’re lucky enough to get her!

Margi”
