Me & My Fam

Hey there! I'm Erin, founder & senior planner of Dotted Events. The pictures above are of me with my family. I'm married to the love of my life, Joe, and we have a rescue pup Rei, who is just spoiled rotten!

I created Dotted Events, a boutique event planning company, because I saw there is a need for planners who truly understand every aspect of what goes into an affair. With over 12 years of planning experience, I have seen just about everything. You won't find a more detailed approach & YOU will always be my #1 priority.

I am passionate about helping couples who want personalized twists on traditional celebrations. If that sounds like you, I would love to help you create a unique combination of "something old and something new" to produce a wedding that brings your individual style to the forefront.

My goal is to alleviate the stress & frustration that accompanies wedding planning. I deal with the logistics, paperwork, details and emails so you can just enjoy the planning process and the big day. The relief I see on a client's face when the weight of planning is lifted off their shoulders is one of the best reminders of why I do what I do!

I can't wait to meet you!!

XX,

Erin

I'm not exaggerating at all when I say Erin made our wedding possible! From the day I hired her, she was responsive, friendly, and took charge! She recommended vendors and was very familiar with our venue and caterer.... As someone who is pretty frugal (read:cheap), hiring Erin was the best decision I could have made for our wedding!!! She is such a professional and a lovely human being on top of that! - Katie B.

I had an outstanding experience with Erin of Dotted Events using the month-of coordination package... She was fantastic-very professional, and knowledgeable, helping us plan some details that we might otherwise have overlooked. She verified and finalized terms with our vendors, and helped us quickly find a replacement when the original vendor couldn't make the date. On the day of the event she truly handled everything-all the logistics, questions, problem solving. I really got to enjoy my own wedding. So happy! - Michelle M.
