The Short Film Package (Popular!)

9-10 Minute Full Length Cinematic Edit

- Includes Dialogue, Speeches, and Ceremony Audio
- Extra Drone Coverage
- 3-4 Songs

Great for a complete wedding day, the Short Film is the video intended to encapsulate all the emotions of your day by the clever integration of speeches and story. It is twice the length of The Highlight Video, allowing for more moments of the day to be shown. It is meant to be the only film of your wedding you will ever need. In my experience, a complete wedding day fits perfectly into this 9-10 minute long video.

1400 (Only 1260 if you [book now!](#))

The Highlight

5-6 Minute Quick Cinematic Edit

Cut to Music (No Dialogue)

Essential Drone Coverage

2 Songs

Great for a shorter wedding day, the Highlight is a little shorter and edited essentially as a music video. This beautiful video is a great length for sharing with friends and family on social media. Each moment is carefully selected to showcase the most memorable parts of your special experience and story. Remember that this package can be customized to fit your needs!

1000 (Only 900 if you [book now!](#))
