## Wedding Officiant Packages

### I Do! (no ceremony)

You don't need to say yes to the dress, you just want to get married and get on with your lives together. This is a wonderful alternative to going to the courthouse and waiting all day to get married. Works well for couples who want to be legal and/or may also be planning a larger event at another date/time. You apply for the license and bring to me the day-of. I will legalize and then file as I am legally required to do. We provide you a standard ceremony that consists of delivery of the vows, asking all the necessary questions, signing of the license. Includes a 30-minute consultation, but no rehearsal. Ceremony length averages 10 minutes.
